"WE ARE DOING MORE WITH LESS"

Today's Fleet Realities

- **Reduced Budgets**
- **Reduced Inventories Ashore/Afloat**
- **Shortened Industrial Availabilities**

- **Increased reliance on CaNDI**
- **Increased reliance on transportation**
- **Increased OPTEMP**
- **Reduced Manning**

Progress Made...

- **Revised Alternative Dataflow (RAD)**
- **MAMs / COTS Working Groups**
- **Operating Space Item (OSI) Backfit in place, Submarines standing by...**
- **Automated COSAL Improvement Program(ACIP)**
- **Allowance Control Panel (ACP)**
- **New Ventures showing their value.**
  -Post-availability Logistics (PALs)
  -Operational Logistics (OPLs)
  Validation efforts (SSVA)

Ongoing Efforts...

- **SCLSIS, OPN, and SCN Funding**
- **Readiness Metrics...refinement continues**
- **3M Data Integrity...robust pathway**
- **Deployment Focused / Continuous ILS**
- **Fleet Training Initia**
- **Configuration Data Synchronization**

Tough Issues Remain…

- **Minimize Allowance "Churn"**
- **Implement MAMs solutions for long-term system health**
- **Configuration Accuracy**
- **SOP discipline…HSCs/PEOs & 1-800-LOG**
- **CaNDI Logistics Support Challenges**
- **Fleet Enforcing Policy**
- **Bottom line: Optimal resource application for Maximum Operational Readiness!**

SCLSIS Conference Challenges...

Move forward smartly building on Successes!

– **Go / No-Go Decisions on old issues**

– **Maintain standards and enforce the policies that serve us well**

– **Train & Automate to *Reduce Workload***

– **Ensure next generation systems meet our needs**

– **Sustain Logistics Integrity & Links**

– **Strengthen Warfighter Confidence**

"DO THE RIGHT THINGS FOR SHIPS AND SAILORS"

That's Our Story...
We're ready to keep working with
you to solve these issues!!!
